24 个分主题已经全部更完, 同一个母主题下的分主题一般可以相互借鉴。例如 15 年的手机成瘾和 09 年的互联网疏离感, 几乎可以共用一套主题词, 甚至共享一个写作思路; 2011、2000、1999 年的真题都可以用“环保”这个母主题去

写；在“社会道德”的母主题下，“孝道”与“关爱”、“诚信”与“合作”都有重叠之处。

在遇到一个新的主题时，我们可以向这 24 个主题靠拢，即使实在没有重叠部分，我们也可以通过“渔”而非“鱼”来解决问题。

下面以 21 年真题为例，为大家全景呈现菜鸟版的模板套用思路——前期讲解见主题词（上）。

21 年真题带写（菜鸟版）

第一段：

The picture offers an inspiring glimpse into the meaning of... As can be seen, sb sits/stands/stops in front of..., saying / feeling / wondering that..., when... **The caption below the picture reads: "..."**

说明+带写：

菜鸟版的宗旨是尽量减少自行填空的部分，适用于“不求高分，只求及格”的小伙伴。

第一句：在标准模板中的 glimpse into 后面增加了 the meaning of，这时我们只需要填写一个简单的名词或动名词就可以了。由于任何主题都有一个“意义”，所以这个句型基本可以全地形铺展。

完整句子示例：The picture offers an inspiring glimpse into the meaning of doing something based on our interest.

第二句：图片描述部分适用于多数场景，非普适，其他情形需要大家根据图片内容进行变动。比如 11 年题目（钓鱼船上垃圾），in front of...就要改为 in a boat，后面的伴随动词也需要变动。另外，when...是补充项，非必要成分。

完整句子示例：As can be seen, a father stands in front of his son, saying that, “just do it if you truly like it”, when his son wants to learn drama but cares too much about others’ opinion.

第三句：用于描述图片下面的文字，适合拼凑字数，进阶版写法也可应用。

21 年题目下方没有文字，我们以 15 年图片为例：The caption below the picture reads: “A party in the era of mobile phones”.

第二段：

Tapping into such a phenomenon/behavior/theme/trend, there is every reason to believe that +简单句（比如 we should...），或：there is every reason to stress the necessity of +主题词.

Yet in reality, sb tend(s) to... At the heart of such phenomenon/behavior is an inability to see the true value of + 主题词.

However, 主题词 + is the very condition to render the possibility of +母主题, while a lost sense of this basic truth can act as a drag on one’s future development.

说明+带写：

第一句：

可以用第一种写法填一个简单句：we should be true to ourself；或者用第二种写法填一个主题词：real interest

完整句子示例：Tapping into such a phenomenon, there is every reason to believe that we should be true to ourself.

第二句：

这里把标准模板中的 be poised to 变成了 tend to，更容易应用。由于每个主题都有其价值所在，所以一般都可以套用 see the true value of...，后面可以填写一个简单的主题词，比如 passion；也可以复杂一些，比如我们在梦想一栏给出的主题词：being dream-driven。

完整句子示例：Yet in reality, people tend to listen to others’ opinions. At the heart of such behavior is an inability to see the true value of passion.

第三句:

第一个主题词可简可繁，可以是 dream/passion，也可以是 a willingness to follow your heart。后面填写母主题，21 年的母主题是“个人发展”（personal growth），照搬即可。

完整句子示例：However, a willingness to follow your heart is the very condition to render the possibility of personal growth, while a lost sense of this basic truth can act as a drag on our future development.

第三段:

To wrap it all up / In a nutshell / To sum up, the path to fruitful results should be approached by a shift in mindset: translating our focus on... into that on...

And it will secure the highest opportunities for a rewarding future / Such a move may hold a particular promise of a rewarding future / Then a rewarding future is no longer a remote possibility.

说明+带写:

第一句:

两处空白只需填写简单的名词或短语即可

完整句子示例：To sum up, the path to fruitful results should be approached by a shift in mindset: translating our focus on “others’ opinion” into that on “your own interest”.

第二句:

三个模板句任选其一，照搬即可。

完整句子示例：Such a move may hold a particular promise of a rewarding future.

以上是菜鸟版模板应用方法，本期增加了开头段的写法，并把 be poised to 变成了更易操作的 tend to。

进阶版写法较上期没有变化，这里不再赘述，直接给出范文。

21 年真题

范文:

The picture appears to offer a glimpse into the meaning of following one's heart. As can be seen, a father stands in front of his son, encouraging him to get rid of concern about studying Chinese drama if it is what he truly likes.

这幅图片让我们看到了追随我心的意义。如图,一位父亲鼓励儿子,只要真心喜欢,就去学习中国戏剧,不要在乎别人的看法。

Tapping into the vitality of passion, there is every reason to pursue what we truly like. Yet in reality, we are poised to follow others' opinions, rather than listen to the voice of our inner heart. At the heart of this conflict is an inability to resist external temptations and pressures. However, a sense of enthusiasm in all endeavors is the very condition to render the possibility of measurable progress, while a lost sense of this basic truth may reduce our capacity to achieve a fulfilling and authentic life.

热情具有无限活力,所以我们应该去追求自己真正喜欢的东西。然而在现实中,我们常常听从他人的意见,而忽略了自己内心的声音。这场矛盾的症结在于,我们无力抵抗外部的诱惑和压力。然而,奋斗过程中的激情是取得显著进步的基础,不能认识到这个基本道理,我们就难以获得一个充实、真实的人生。

To sum up, the path to self-realization should be approached by a shift in mindset: translating our focus on “expectations from others” into that on “the whispers of our inner soul”. And it will secure the highest opportunities for personal satisfaction and fulfillment.

总而言之，通往自我实现的道路应当通过观念的转变来实现：将我们的关注重点从“他人的期望”转变到“内心的声音”。这样我们就能最大限度地确保获得满足感和成就感。

22 年真题

范文：

The picture offers an inspiring glimpse into what is the different attitudes towards knowledge acquirement. As can be seen, two students saw the same poster of a lecture in their campus, one taking it as nothing useful for her major, but another viewing it as a chance for self-enhancement.

关于获取知识的态度，这张图片充满了启示。如图，两个学生在校园里看到了同一张讲座海报，一个人认为这对她的专业没有用处，而另一个人则认为这是一个自我提升的机会。

Tapping into the essence of knowledge, there is every reason to advocate for a holistic approach to education. Yet in reality, college students are poised to focus narrowly on their major subjects with the practical aim of achieving a higher GPA. At the heart of this phenomenon is an inability to set their sight on a far horizon and recognize the

potential benefits of interdisciplinary learning. However, a wide range of learning is the very condition to render the possibility of comprehensive growth, while a lost sight of diverse realms may reduce our capacity to develop critical thinking, creativity, and a deeper understanding of the world.

鉴于知识的本质，我们完全有理由倡导一种全面教育方式。然而在现实当中，大学生往往为了获得更高的绩点而只关注于他们的专业学科。这种现象的症结在于，他们没有长远的眼光，也无法认识到跨学科学习的潜在益处。然而，只有广泛涉猎，才能获得全面发展，而对多样化领域的忽视，很可能会削弱我们的批判性思维、创造力，以及深刻理解这个世界的能力。

注：

我们也可以通过 in a large sense, it is ultimately necessary to... 的模板句添加措施：In a larger sense, it is ultimately necessary for college students to explore beyond their major fields, so that they will be more adaptable, creative, and better prepared for the challenges and opportunities of the future.

To wrap it all up, the path to self-fulfillment should be approached by a shift in mindset: translating our focus on the “so-called useful knowledge” into that on “extensive learning”. Such a move may hold a particular promise of well-rounded development.

总而言之，通往自我实现的道路应当通过观念的转变来实现：将我们的关注重点从“所谓的有用知识”转变到“广泛学习”。这样尤其能够实现全面的发展。
